LATURCA MEDICAL DESIGN®

ICU HB 450 C FOUR FUNCTION MOTORIZED INTENSIVE CARE HOSPITAL BED

SUITABLE FOR	Intensive Care Units, Clinics, Long term cares, Nursing, Home care, Academic studies.
CONSTUCTION	Made of steel construction. Gas metal arc welding technique provides strength and durability.
COATING	All metal constructions are painted with the high quality epoxy powder paint at 180°C.
FUNCTION & POWER	ICU HB 450 C , backrest and foot part movements are made by 6000 N/m³ electric actuators. Height and trendelenburg movements are made by column type two actuators. Equipped with electronic CPR function.
SAFETY PLATFORM	PP plastic head and foot boards and side rails secure the patient. Plastic bumpers at each corner. The bed platform is covered with anti-bacterial, special design ABS thermo-vacuum plastic coating. Optional back part is X-RAY permeable HPL compact laminate so the bed can be used for radiological processes.
MOBILITY	ICU HB 450 C, equipped with 125 mm diameter wheels, central brake with directional locking system.
EQUIPPED WITH	Back up battery, IV pole, Drainage bag holder, Corner bumpers, Universal brackets for lifting pole and orthopedic traction set.
